MM Posts Best Week Since Week 15 – 2015

KS Ties LF For First Place

Effective date: 2016-11-07

MM's 11 wins outpaced the membership to take player of the week award. MM picks up two spots in the standings but needs a couple more 11+ win weeks to get a key to the penthouse suite.

KS (ten wins) and LF (nine wins) continue their cat and mouse games to end up tied as we start on the backside of the season. SR's 10 wins allows him to catch MS for a second place tie. MS wins his 1500th career pick while BS picked his 4900th . Well done MS and BS!

Tip of the chapeau to our president JP with his DET Loner pick. That Loner gave JP 10 wins and joins other Week 9, ten game winners SR, BS and BD. Tough week for DP going 9-4 resulting in no movement for the week.

OK, get ready for week 10 –Thursday night game. Remember to vote.

Yours in football,
SS
