

DP's 10 Wins – BS 6 Wins Equals Headache for BS

SS Nudges JP and KS Out of the Way

Effective date: 2013-11-25

DP has picked up five games in the standing over the last three weeks. Out by 10 games at the end of Week 9, DP is now out by five games with five weeks to play. DP leads the membership with 35 wins over the last four weeks. Week 12 was mostly a disaster for the membership, ten out of 15 members picked below .500. The group averaged only 6.25 wins including DP's 10 wins. We are experiencing a longer than usual MIP which is helping thin out the weak. BS, in first for 11 straight weeks is starting to feel the pressure of the long season as he holds onto first with his cold lifeless fingers.

Just like George Jefferson, SS has been moving on up--- in the standings that is and is now in sole possession of second place after sweeping the GOO games from BS (2-0), JP (2-0) and KS (3-0). A log jam in the fourth position has CM, DP, DR and KS out by five games.

Some great and historic milestones were realized this year as BS, DR and SR celebrate 30 years in the PFVCC while TB is celebrating year five.

Thanksgiving week with the traditional Thursday games bring a short week for the players and our members as we sharpen our statistical pencils. Everyone at the PFVCC Headquarters wishes each member and their families a special and family-fun Thanksgiving.
